EDGE4 – ON-CALL SOLUTION

The EDGE4 on-call solution reduces stress and errors from last minute management of staff absences. It brings together teacher schedules, collective bargaining policies, long term occasional (LTO) assignments, supply teachers, supervisions and daily absences. EDGE4 connects school administrators, staff and union representatives by providing transparency of data through access and reporting.

EDGE4 On-Call solution provides:

- Connection of complex disparate systems such as HR systems, Student Information Systems(SIS) and teacher absence reporting systems, ensuring 24 hour up-to-date data.
- Real-time absence data that indicates coverage required and teacher availability, thereby reducing the stress of last minute staffing requirements.
- Comprehensive aggregated daily and monthly reporting enables equitable and accurate resource allocation, transparency, and communication of staff scheduling.

The screenshot shows the EDGE4 On-Call web application interface. At the top, there is a navigation bar with the EDGE4 logo and 'On-Call' title. Below the navigation bar, there are tabs for 'Home', 'Secondary On-Calls', 'Staff Information', 'Daily Absences', 'Daily Worksheet', and 'Administration'. The main content area displays a report for 'Daily Absences' on '10-May-2014'. The report includes a table with columns for Name, Supply, Reason, P1, P2, P3, P4, P5, P6, and Status. Two rows of data are visible, each with 'Absent' and 'Coverage' rows. The first row shows John Smith covered by Joan Cronk, and the second row shows James Southgate covered by Lesley Banks. Both are marked as 'Incomplete'. There are also fields for 'Staff Notes' and 'VP Notes' for each entry.
